The NTA was formed in 1992 and currently represents over 4900 tutors and tutorial administrators across the United States and internationally. Members represent colleges, universities, high schools, middle schools, elementary schools, school districts, literacy programs, community programs, grant supported programs, and NCLB/SES providers. We welcome membership from peer, paraprofessional, professional, volunteer, and private practice tutors. The NTA is a proud member of the American Council of Developmental Education Associations (ACDEA).

How We Get Results

The Brilliance Academy of Math and English instills confidence and a positive attitude in students by providing support and reinforcement. The root causes of academic frustrations is what we look for when working with the student. Using the results of a Basic Assessment Skills test, we create a personalized curriculum that addresses and eliminates underlying issues. *Through positive reinforcement and individual attention, we ensure that each student achieves success.*
